Like most independent stars in the adult industry, **KALINA RYU**

is a woman of multiple dimensions.

a **strong** opinion and is not afraid to change things up

and **stand up**
for what she believes in at any cost!

She easily manages to change costumes and channel different characters.
she has the same chameleon-like ability
when it comes to her personality.

Using this technique, She grants herself the skill to transform into someone
that **ALL** of her loyal fans and admirers will adore!

Time
to
REVAMP!

The many costume changes in this Halloween issue represent the different aspects of a woman. A sexual side, a sweet and innocent side and a tough, powerful side. Your attitude in each costume really brought out those aspects of your own personality. How do you manage to channel your inner qualities and get into the mindset so effortlessly?

Kalina- I still consider myself kind of camera shy sometimes so dressing up in different costumes was really fun for me. We all have many elements that make up who we are, I feel like I shine brighter when I balance each of these traits and also when I have the people around me believing in me too.

**Dressed in pink stockings,
pink pumps and a pastel colored wig,
you looked like the innocent Queen of Candyland!
Which of your own qualities do you relate to that fun,
bubbly outfit you were rockin'?**

Kalina- That look was really fun,
because I never dress like that.
I would say that bubbly is a word
you could use to describe me though.
I'm a morning person, I wake up happy.
I even laugh while I'm having sex
because I'm having such
a great time.

“I want
to be
your favorite girl
now”

Speaking of sweetness, how did you manage to land yourself a career as one of the tastiest treats in the XXX industry?

Kalina- I feel like I fell into it by accident really. I had an opportunity to be an extra for a porn scene, and I thought it would be fun and that no one would ever see it, but everyone found out and then I decided that I can't quit after a few sex tapes. I want to be your favorite girl now.

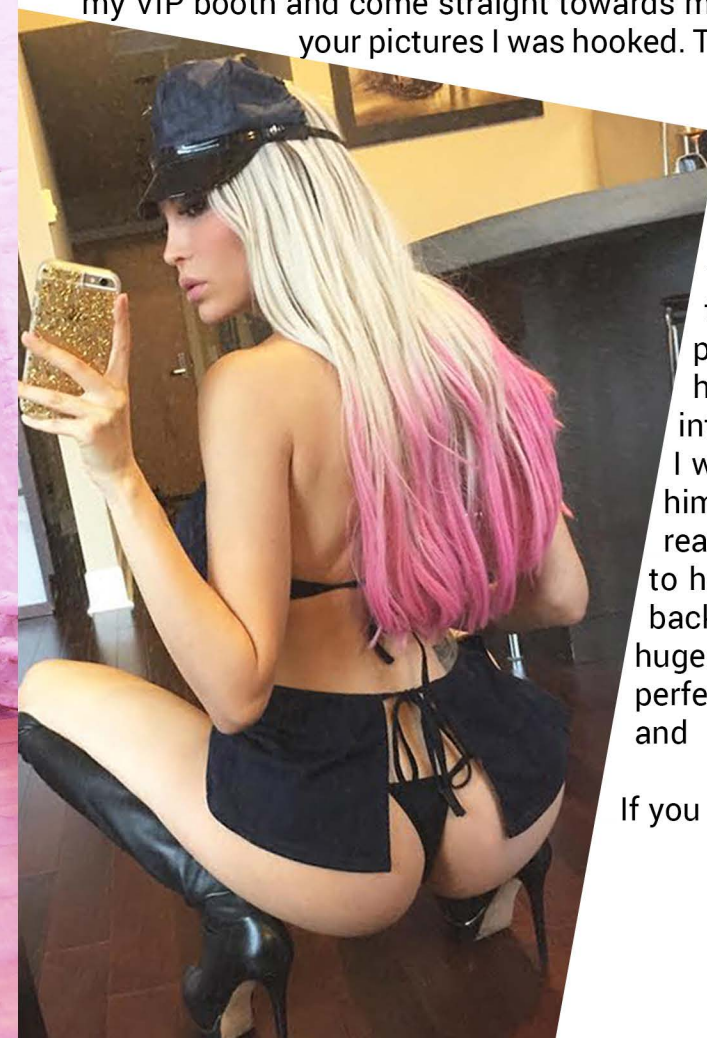

Fantasy FUCK ME

Bonjour my loves,

This year for Halloween I wanted to be a bad cop. My only goal is to get all of my fans rock hard with my very tight wet pussy. On the line of danger, I am willing to do whatever it takes to get the bad boys punished. Sometimes things can get very dirty especially when I get cum all over my huge boobs and my face. What can I say? It's part of the job and that's the main reason I wanted to enroll in this special unit of the police academy. Remember - stay nice, and be good (or bad if you want me to take care of you)!

As you can imagine, I really like being a bad girl. Around this same time last year, I had the chance to go shoot with a lot of sexy ladies in London. My trip was fully booked with many latex photo shoots, I also shot a lot of porn and hosted a crazy event in the heart of London. While I was hosting the 'Blondie Party' at a famous gentlemen's club, I couldn't stop fantasizing about what I would do if I could just get my hands on a sexy beast who sat across from me. Here's what was running through my head: This confident man would walk towards my VIP booth and come straight towards me. He would introduce himself and say "Since the first day I saw your pictures I was hooked. There was no way I would miss the opportunity to come meet you."

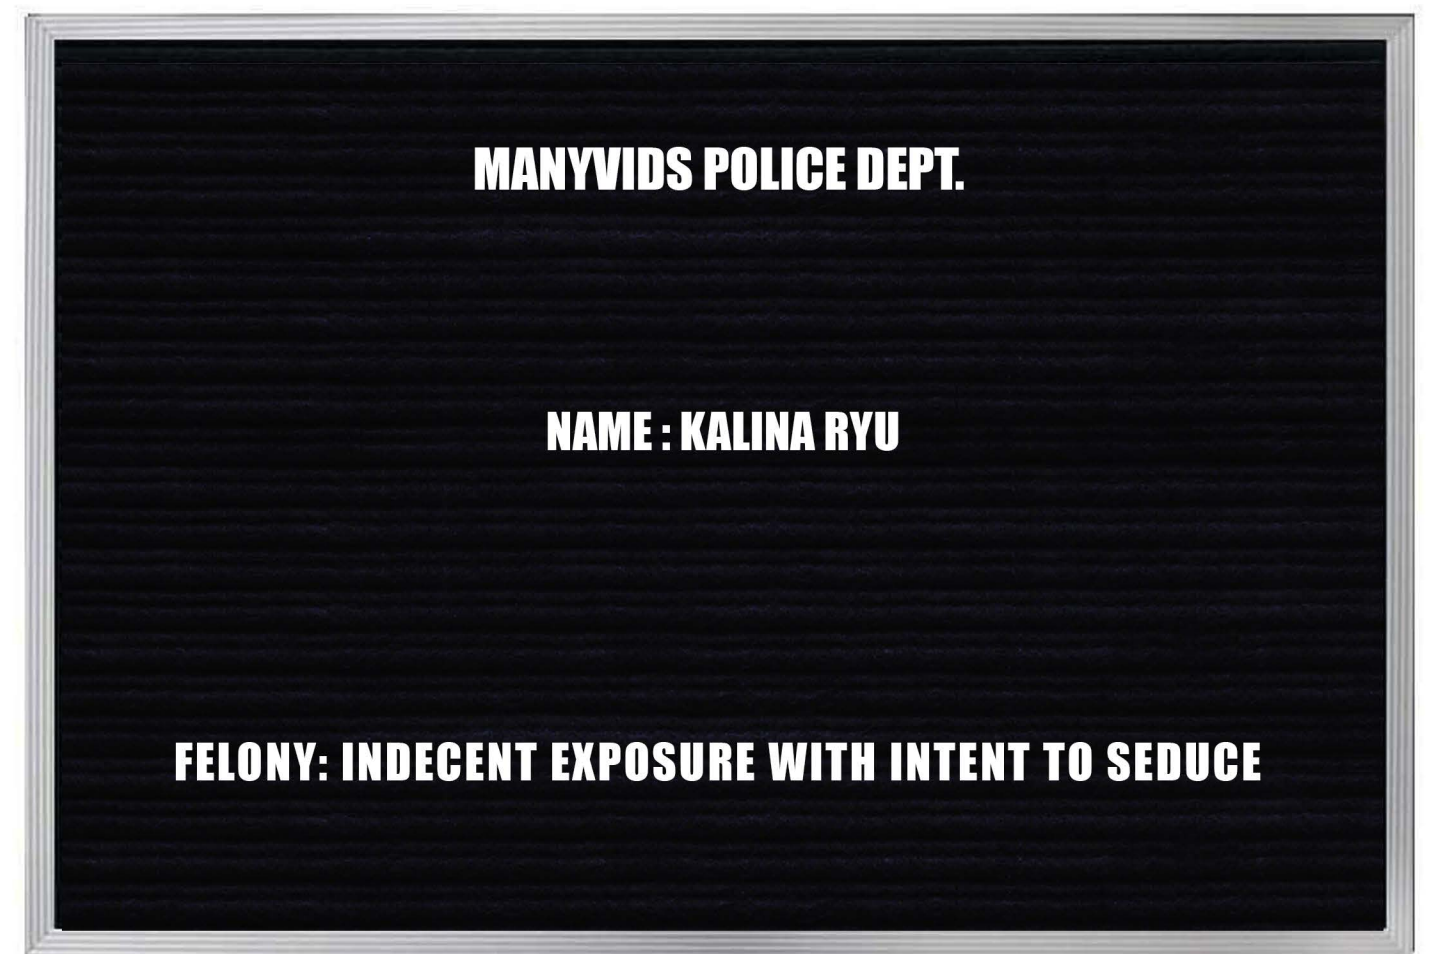

The connection would be instant and the chemistry unbearable. We would have a little chat and a couple of drinks. After going on stage dancing and getting naked, I would head for the ladies room. He would follow me and just before going in, he would grab me and kiss me. I would feel his hard dick going toward my pussy and things would get very naughty from that point on. I would push him into the bathroom and force him to take his dick out and make me suck it like the little whore that I am. The interaction would be intense and sexy as fuck. I would be looking him straight in his eyes while I'm taking care of him. He would then pick me up and turn me around and give it to me really good. Once that sexy adventure would be over, I would go back to hosting my event and he would leave the party. I would not hear back from him for the next couple of days, until he would give me a huge tip on MV and text me to say "I miss your sexy lips and your perfect huge boobs". We would keep communicating back and forth and he would forever remain my "one night London crush".

If you are out there, come and get me.

A very naughty cat-woman has been taken in for questioning after being charged with "indecent exposure with the intent to seduce". Uh-oh! How will the mischievous Kalina use her playful sexuality and fierce body to get herself out of trouble this time?

Kalina- A sexy strip tease to cause a diversion.
Just kidding, I'm not much of a dancer, but I will suck your cock better than anyone.

You are known to be quite frisky to say the least! What are some of your most kinky turn-ons?

Kalina- I like to fuck with the lights on and in front of mirrors because I'm a freak.
I love to watch you going in and out of me.
I love a hard, deep fucking where I feel it for a day or two.

Has being rowdy or up-to-no-good ever gotten you into some serious trouble?

Kalina- No, I'm the innocent looking Asian girl, they never suspect me.

Being a championship boxer relates more to this industry than people may know. Always being on top of your game, pushing your limits, staying focused, and having thick skin to remain tough are all requirements to be the best you can be. Can you think of a time during your career where you felt the need to be a tough yet fearless woman?

Kalina- This look was my favorite from this shoot. There's a lot of competition, and so I have to stay positive everyday. I was raised in a society that promotes plastic and creates body image issues. It's taken me into my adulthood to feel pretty for being myself. I like to think of my favorite porn stars as athletes too.

Lastly, can you tell us which of the 4 costumes is the closest match to the real life Kalina Ryu and why?

Kalina- The boxing costume is the most like me. I'm a fighter. I'm independent and will always stand up for myself. If you're in my corner, I'll swing hard for you too.

If you could get your feisty little hands on any MMA fighter in the world, who would it be and why?

Kalina- Mmmmm... Luke Rockhold, he's so handsome. I imagine he's a beast in the sheets as well.

Release Your Inner Freak

Porn and Halloween have a few things in common: both represent fantasy and indulgence, both are a naughty way to escape the monotony of the daily grind and both have a knack for bringing out a feistier and less inhibited version of yourself. Not to mention they both take plenty of guts and spirit!

For those not bold enough to create fantasy worlds of their own, Halloween allows for a night of experimenting with alternate versions of yourself, a night of broken taboos, of one night stands where not just names can remain unknown but even faces, thanks to masks and wigs allowing for a sense of anonymity. The impulsiveness and spontaneity that so often comes with this holiday, the lack of censorship and the freedom of expression inspired by disguise, and the overall sense of playfulness of the occasion all come together to present the perfect opportunity to turn your fantasies into reality. It's not everyday you can have a threesome with Beauty AND the Beast or sneak off to the john for a blow job from a mermaid, but on Halloween all your naughtiest daydreams can be consummated.

If the thought of actually following through makes you nervous, there's plenty of visual stimulation to satisfy your urges.

Everyone seems a little more frisky, a little more lively and full of the fire that comes with the adrenaline of adventure coursing through your veins. For just one night a sense of childlike, carefree mischief and the pursuit of stimulation causes an enjoyable turmoil, the air crackling with the electricity of the crowd and their raw energy. Gorgeous, sultry creatures of every size and shape wind and glide deftly through the crowd as bodies gleaming with oil and glitter intertwine and twist gracefully across the dance floor, shining eyes and colorful hair as wild and vibrant as the raucousness in the air. There is a sense that inhibitions have been cast aside as reticence takes a back seat to debauchery and we welcome depravity as a form of temporary deliverance from the tedium of routine. A much-needed break from custom, Halloween is truly a night to indulge in your wildest whims and let go of convention, a chance to embrace bawdiness at its very core, if only as a brief reprieve.

There's something truly sensual and even erotic about watching so many people engage in so many fantasies at the same time, and this sensory overload is perhaps what leads us to have all this energy to burn and promotes the desire to quell the fire in us that must be extinguished before the night is done and the real world starts to loom over us once again.

Although we're all taught from an early age to be desirable, we're often judged when we act on our desires, and even more so when we make a living off of them. Halloween is a socially acceptable way to deviate from the norms imposed on us, an opportunity for even the most timid and reserved among us to release our inner freak, tap into our imaginations, and experiment with a side of ourselves not normally shown.

On this mythical night there is a true sense of recklessness and chaos contained within the atmosphere of mystery and wonderment. Everyone is showing a little more skin, eyes are gleaming a little brighter, the mood is a little lighter and the evening gets wilder as it goes on. A night of lace and whips, pouty vampires, lurid clowns, bulging Greek gods, superheroes and secretaries, schoolgirls and firefighters, Halloween parties will often feature a lot of the very same things that are typed into porn search engines time and time again.

For every outfit you see there is someone with a fetish for it (yes, even that guy parading around in a broccoli costume).

Do a quick search for halloween costumes and you will find that 99% of the results have the word "sexy" in them. Sexy nurse, sexy janitor, hell, even sexy carrot costumes are not only advertised, but selling like hot cakes! SEX SELLS. So, why all the scorn towards those who make it? What is so fundamentally wrong with paying for sex? Or charging for it? As Charlie Sheen once so eloquently put it: "I don't pay prostitutes for sex, I pay them to leave", and indeed, the idea of sex for convenience, the concept of pleasure without strings attached seems to provoke deeply negative reactions. Meanwhile, we live in an increasingly acceptant, open minded world where nothing is private....we take videos of our meals, our pets, our vacations, our proposals, even intimate moments such as childbirths, so why not our sex? Until the day comes that we are truly free to satisfy our vices as we see fit, we can at least take comfort in knowing that Halloween will provide an annual refuge, a chance to let loose and pander to our depraved sides without fear of judgement.

It's ironic how playing pretend can actually help bring out the authentic parts that you hide when you're rocking the polished version of yourself that you present to the world.

Anything can happen when you can be whoever you want... so who will you be?

-Christine Taylor

In our second shoot we watched you transform into a sexy French maid
and play out one of the most popular role-play scenarios to date!
Picture yourself living in a different era as the maid of a wealthy, handsome businessman.
Do you think you would be a stern, dominant maid or slutty submissive one?

Kalina- I try to pretend that I can be dominant sometimes, but honestly, I'm an excellent sub.
I'm attracted to the strong, alpha male, boss type so I don't mind being submissive.
I just want to make my lover happy. Whatever you want me to do, I'll do.
I want to please you.

Since Halloween is just around the corner and I am sure you've had your fair share of dressing up in irresistible costumes- what was your all time favorite and why?

Kalina- My favorite costume was last year when I dressed up as Chun Li from Street Fighter. That's part of how I came up with my stage name. Ryu is a Korean name, and Chun Li is a bad ass. I want my fans to think of me a sexy ninja, not some damsel in distress.

Hi there !

I'm Robin Mae. I'm a 22 year old Filipina residing deep in the Pacific Northwest. For nearly 3 years now I have been camming and making videos. While I never really envisioned myself going in this direction, I can definitely say that this has been a positive experience and I don't see it ending anytime soon. Something about being my own boss and having fun making dudes cum for a living just feels right to me. When I'm not busy being an internet seductress, I like to spend my time in nature, cooking, and watching cartoons with my cats (Steven Universe is my favorite!).

If you wanna know more about me and stay up to date with all the fun stuff I release, feel free to follow my Twitter :)
